HOW TO APPLY

1. Download the latest version of the Consumers Energy incentive application. When submitting, clearly indicate that you are using [Michigan Saves](#) to expedite review.
2. Apply for financing through your authorized [Michigan Saves](#) contractor and include the utility project number that is provided after submitting the incentive application.
3. Once [Michigan Saves](#) approves financing, a confirmation email will be sent to the customer, contractor, and Consumers Energy.
4. After Consumers Energy reviews your incentive application and receives confirmation of [Michigan Saves](#) financing, a reservation email will be issued to the customer and contractor that details the incentives that are expected to be awarded to the customer. The incentive to buy down the interest rate will be assigned to [Michigan Saves](#). Please do not begin your project until you have received a reservation letter. You then have 90 days—or until November 30, 2020, whichever is first—to complete the project.
5. A final application must be submitted to Consumers Energy within 60 days of project completion.
